# Who can apply for a Chevening Scholarship?

Chevening Scholarships allow exceptional individuals to study for a one-year master's degree at a UK university.

Chevening enables outstanding emerging leaders from all over the world to pursue one-year master's degrees in the UK.

There is no such thing as a 'typical' Chevening Scholar, but those who are successful tend to have ambition, leadership qualities, and a passion for influencing positive change in their home countries.

We encourage you to apply if you meet our eligibility criteria and other requirements. Your gender, age (there is no upper age limit), sexual orientation, religion, marriage or parenthood status, caste, class, or other attributes do not matter to us. What matters is your ability to submit a thoughtful application that demonstrates you are capable of excelling on an intense master's course in the UK, and that you have a clear vision for your future.

# Chevening eligibility criteria

You must meet our eligibility criteria to apply for a Chevening Scholarship. Ineligible applications will be rejected.

To be eligible for a Chevening Scholarship you must:

- Be a citizen of a Chevening-eligible country or territory.
  - If applying for an award from an ODA-eligible country, be resident in an ODA-eligible country. This does not have to be the country of citizenship, but all applicants must show a clear intention to support their country of award.
- Commit to returning to your home country (country of award) for at least two years after your scholarship ends.
- Have at least two years' work experience, acquired after completing your undergraduate degree, equivalent to 2,800 hours.
- Hold an undergraduate degree that qualifies you for a UK master's programme. You must have finished your undergraduate studies at least two years before our application deadline, even if you have not yet received your certificate. However, you will need to have your certificate by the time of your interview.
- Apply to three different and eligible UK university courses. You must have received an unconditional offer from at least one of these course choices by the deadline listed on the application timeline.

You are not eligible for a Chevening Scholarship if you:

- Hold British or dual British citizenship (unless you are a citizen of a British Overseas Territory or hold BN(O) and are applying from Hong Kong).
- Hold refugee status in a country not eligible for Chevening. However, if you are a citizen of an eligible country and hold refugee status in another eligible country, you are eligible for a scholarship.
- Are resident in the UK at the time of application (excluding the British Overseas Territories).
- Are an employee, an immediate relative\* of an employee, or a former employee (within the last two years, from the opening of Chevening applications) of a government department, the British Council, a partner

UK university, or any of their wholly owned subsidiaries. Individuals contracted to work on any British Council programme or project, and their relatives, are ineligible.

- Have previously studied in the UK on a UK government-funded scholarship (Applicants for a Chevening Scholarship who have previously received UK Government funding through a Chevening Fellowship may apply for a scholarship only after five years have passed since completing their fellowship).

Please note that having a master's degree does not prevent you from applying for a second master's degree in the UK.

### [READ OUR ELIGIBILITY CRITERIA FOR CHEVENING FELLOWSHIPS](#)

\*Immediate relatives are defined as parents or step-parents, siblings or step-siblings, children or step-children, spouse, civil partner or unmarried (where the couple have been in a relationship akin to marriage or civil partnership for at least two years).

This is roughly equivalent to two years of full-time work, based on a 35-hour work week, but may have been completed in a different time period.

Please note, if you completed your undergraduate degree after October 2024, you won't be eligible to apply, as you won't have had enough time to meet the work experience requirement.

If you do not have the required level of work experience, your application will be rejected.

## Eligible types of work experience

The types of work experience that are eligible for Chevening can include:

- Full-time employment

You can submit up to fifteen different employment periods in order to meet the requirement.

If you are currently employed, you do not need to resign from your position in order to submit a Chevening application. You are advised to discuss your application with your employer and it is your responsibility to ensure that they will release you if you are selected for a Chevening Scholarship. Please encourage your employer to read about [how they could benefit from supporting your time away](#).

## How to calculate your work experience

Your entries will be calculated automatically by multiplying the number of weeks worked by the number of hours worked per week.

You are assessed against the strength of your examples demonstrating your skills, which often develops with broader or more varied work experience.

# Chevening application criteria

Read our guide to the Chevening application criteria to understand if you're ready to apply this year.

Four questions to ask yourself before you begin

1. Do I have good examples of my leadership and influencing skills?

## **What we're testing:**

Your leadership and influencing skills.

## **Why?**

The top 1% of applicants awarded a Chevening Scholarship can provide examples of taking the lead and influencing others.

They focus on examples with clear results.

This could include:

1. Driving change in your community or organisation
2. Improving outcomes for others
3. Solving a specific challenge
4. Successfully implementing a project or idea that had tangible impact

2. Do I have good examples of building professional relationships to achieve positive outcomes?

## **What we're testing:**

Your networking skills.

### **Why?**

Effective leaders are good at building relationships. If you're awarded a Chevening Scholarship, there will be plenty of opportunities to connect with other leaders in your field.

We're looking for examples of how you've built strong working relationships and how collaboration led to real, measurable outcomes.

Tell us about how you brought people together, and how your efforts contributed to meaningful change, whether in your organisation, community, or beyond.

3. How will my chosen course give me the skills to address pressing challenges linked to UK priority areas?

### **What we're testing:**

Your reasons for making your course and university choice.

### **Why?**

We're looking for applicants who can demonstrate how their first choice course will give them the skills to tackle challenges that matter both to the UK and their home countries. These priorities include:

- Promoting growth and prosperity
- Building climate resilience
- Strengthening security and stability
- Supporting development for more inclusive and effective societies

Across all themes, Chevening is committed to supporting under-represented groups, advancing women's leadership, and strengthening the UK's international alliances by equipping exceptional individuals with the education, networks, and connections to the UK needed to become part of a global community of influential future leaders.

To be invited to interview, you must:

1. Show that you've researched your three chosen courses and, focusing your answer only on your first choice course, explain how it connects to your background, career aspirations, and the impact you hope to make.
2. Describe how specific modules or areas of study will equip you with the skills and knowledge needed to achieve your goals.

4. How will my career plan support my ambitions to drive positive change?

### **What we're testing:**

Your commitment to achieving your career plan and long-term impact.

### **Why?**

We're looking for applicants who can present a clear, realistic, and achievable post-study career plan, that shows a genuine commitment to addressing some of the most pressing challenges of our time.

To be invited to interview, you must:

1. Have a short, mid, and long-term career plan which has clear, measurable goals.
2. Demonstrate a genuine willingness to collaborate with the UK in tackling shared global and local challenges, such as advancing growth and prosperity, strengthening security, building climate resilience, or supporting sustainable development.

### *And remember:*

**Be original:** The use of AI software to generate answers in Chevening applications is strictly prohibited. If you aren't confident that you can write a competitive Chevening application in your own words, we strongly recommend waiting to apply until you feel you can. Chevening uses tools and software to identify fraud, plagiarism, and AI-generated answers in applications.

**Applying for a Chevening Scholarship is free:** You do not need to pay anyone to apply, and Chevening does not endorse or work with third parties who charge for application support or advice.

By following the link in your interview invitation email, you will be prompted to login into ASAMS. To login you must input the eight-character unique access code that you were provided when you started your first Chevening application.

If you have lost your unique access code, you can request a recovery code from the system. This will send a code to the mobile number you registered on your application.

If you are unable to receive a recovery code via text or are experiencing difficulties logging in to your ASAMS account, **please contact your local**

**Chevening team** using the point of contact email address listed in your interview invitation.

How can I request an account recovery code?

**Please note that this option is only available once you have been invited to an interview.**

To request account recovery, select 'Recover your code' on the login page where you are asked to input your unique access code.

You will then be asked to input the phone number that you registered your application with. Make sure to select the correct country code via the dropdown and then input your number in the right-hand field. Once inputted selected 'Request code'.

If you have inputted the correct number, a text will be sent out with a six-digit recovery code.

Enter the code on ASAMS. You will then be shown a new eight-character unique access code. You must make sure to retain a copy of your new access code as you will be required to use it for all future logins.

If you are unable to receive a recovery code via text or are experiencing difficulties logging in to your ASAMS account, **please contact your local Chevening team** using the point of contact email address listed in your interview invitation.

# Strengthen your English language skills

Get ready for Chevening with our English language support resources and guidance.

While Chevening does not require you to submit an English language score as part of your application, many UK universities do.

You will also need a strong level of English to write a successful Chevening application, conduct your Chevening interview, and be able to study your chosen university course in the UK.

We've put together some English language support resources and guidance to help you brush up on your English skills, whether you're getting ready to apply to Chevening or preparing for your year in the UK.

## Find a course

Trying to find the right courses for your Chevening Scholarship application? Our course finder is here to make your search easier.

Selecting the right courses at the right universities is one of the most important aspects of your application. Use this course finder tool to search for eligible master's degree programmes at every university across the UK\*.

Your Chevening application must list three courses, and they must be courses that are eligible for a Chevening Scholarship.

You will need to apply separately for your course via the university that runs the course. Your Chevening application does not constitute an application to your chosen courses.
